

Positioning Aids

Frederick T. Frog

1

2

Our versatile, frog-shaped beanbags were designed by a NICU nurse to help achieve clinicians' goals for developmentally supportive positioning. Place "Freddy" around the head, neck, or hips, or use it to position an extremity and provide tactile support. Available in two versions: washable/reusable, or wipeable/reusable with launderable or single-use covers.

Frederick T. Frog – Washable

The washable Freddy Frog can be processed through traditional laundry services.

	Product #	Legacy #	Description	Quantity per case
1	989805603341	97040	Frederick T. Frog, washable	6

Frederick T. Frog – Wipeable

The wipeable Freddy Frog does not need to be machine washed, just simply wipe it clean. Choose from a cloth/reusable or a disposable cover.

	Product #	Legacy #	Description	Quantity per case
2	989805635141	1084677	Frederick T. Frog, wipeable with reusable covers	6
	989805635151	1084678	Reusable cover	50
	989805635131	1084679	Disposable cover	50
